

GO WITH THE NATION'S FAVOURITE

Caravans 2026

Welcome to Bailey, The Nation's Favourite.

We've been proudly hitting the road for over 75 years. Along the way, we've built hundreds of thousands of Bailey caravans and motorhomes, each of them made with one thing in mind: creating the perfect holiday.

So, no matter which of our models you choose for your home away from home; comfort, convenience and adventure are built into every one.

GO BAILEY! We can't wait to see you out there.

Bailey by name...

The Bailey story started back in 1947, when Martin Bailey designed and built the very first Bailey caravan in South Bristol. A year later in 1948, F G Bailey Ltd was formed and their caravans captured the nation's growing quest for adventure. Bailey quickly grew into the thriving, family-run business it still is today.

We've come a long way since those early days, but even with 75 years of experience now behind us, we have never stopped considering how we can push the boundaries and make our business better. And, like you, we continue to look towards to our next adventure...

To learn more about our history and heritage, visit our '75 Years and Counting' page on the Bailey website or scan the QR below.

Our road to sustainability

Caravans and motorhomes have long provided environmentally friendly holidays for people who have an appreciation for the great outdoors and who want to see it remain protected.

At Bailey, we remain committed to playing our part in this process by reducing the environmental footprint of our operations and striving to make our leisure vehicle products as sustainable as possible. Over recent years we have undertaken a range of initiatives designed to reduce our impact on the environment, covering our products, our sites and our culture.

In 2022 we signed up to the Woodland Trust Woodland Carbon Scheme to help reduce the environmental impact of our operations and at the same time boost biodiversity through the planting of trees. Consequently, when customers now purchase new Bailey caravans or motorhomes, we are planting trees to help offset the carbon emissions generated when we manufacture them.

To learn more about this and the other changes we are making to become a greener business visit the 'Sustainable Manufacturing' page on our website or scan the QR code below.

Made in Bristol

We've been proud to call South Bristol home since 1948. Martin Bailey designed and built the first Bailey caravan, just a stone's throw from the South Liberty Lane site that now houses our 14.5-acre production facility.

We think of ourselves as one big family. Most of us live nearby and have been part of Bailey for a long time (ten years is the average length of service).

From our joiners and electricians to our designers and fabricators, we have the skills, expertise and experience to build a complex range of caravans and motorhomes, all in the same plant – and all by hand.

For more information, head to our 'Manufacturing in Bristol' page on the Bailey site or scan the QR code below.

What goes into The Nation's Favourite?

It all started with a simple question: "Is there a better way?"

Leisure vehicle design and construction was stagnant for over 30 years, until we developed Alu-Tech and changed everything. Alu-Tech is a completely new approach to bodyshell construction. Using a unique interlocking aluminium framework to clamp the body panels together, Bailey created a shell that is more robust and durable than anything else on the market.

By significantly reducing the number of external joints and fixing points and using timber-free components in the upper bodyshell panels, we are able to provide greater protection against the elements. Thicker, better-insulated panels, cloaked in impact resistant GRP (Glass Reinforced Plastic), hugely improve the thermal performance of the bodyshell, for genuine four-season performance. All this with no increase in weight or cost. Turns out there really is a better way.

3 year transferable manufacturer's components warranty*

6 year transferable bodyshell integrity warranty*

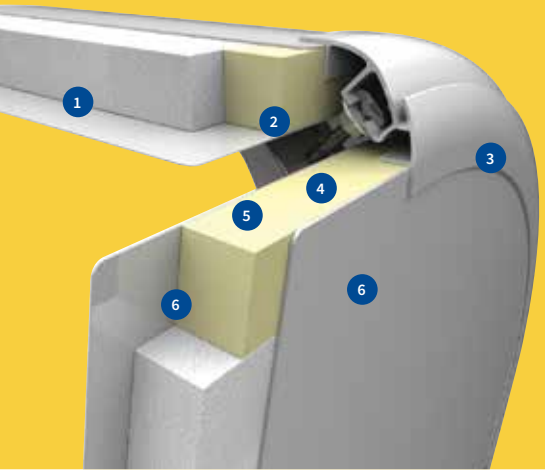

Access to aftercare team

*Terms and conditions apply. Please visit baileyofbristol.co.uk/warranties-servicing for more information.

Since Alu-Tech first hit the road ten years ago, we've built more than 80,000 leisure vehicles using Alu-Tech technology. To learn more about the unique features and benefits of Alu-Tech, head to the Bailey website.

- 1 Polystyrene core
- 2 Composite plastic extrusion
- 3 Alu-Tech rail
- 4 Structural fixing bracket
- 5 Alu-Tech rail insulation
- 6 GRP (Glass Reinforced Plastic) outer and inner skin

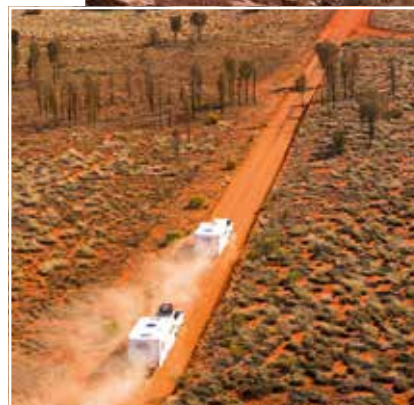

Tested to the limit

From desert dust to Arctic ice, we put our caravans through their paces, so they're at their best on the roads of Great Britain – and beyond.

Good enough simply isn't good enough. It's why we go to extreme lengths to make sure our caravans can perform, whatever's thrown their way. It's only through rigorous testing that we're satisfied our products are ready for the road. Every new range goes through test conditions that push the limits of what a caravan is likely to encounter in its lifetime.

Like our cold chamber testing, which goes down to -15°C to get the best possible results in thermal insulation with the help of our heating system partners.

If something's not up to the job, we go back to the drawing board until it is. That way, when our products hit the road, we know every single one is the best it can be. See how else we take our testing to the limit on our website and learn more about our Bailey Big Adventures by scanning the QR code.

Go anywhere, do everything

Cold chambers and test trucks are one thing, but few things beat getting out there properly.

In 2015, we took two caravans on a 3,500-mile journey through the Australian Outback. During the two-week trip, they stood up to everything the elements could throw at them, proving they could hold their own in even the toughest conditions.

In 2017, we embarked on another marathon endurance test; this time with two caravans and a motorhome, on a 5,000-mile trip to Northern Finland – and well inside the Arctic Circle. Conditions couldn't have been more different than the Red Centre of Australia, but once again the vehicles took everything in their stride.

The successes of these adventures really whet our appetite. So, we decided to embark on a third: 21 countries in 21 days, across two continents – without a rest. From Bristol to Istanbul, we're proud to say the vehicles were more than capable and eager for more – even if we were well in need of a break.

With our taste for adventure not quite satisfied, we hit the road hungry for more, and in 2023 completed our epic journey to the Sahara Desert. After our first attempt in 2020 was halted by the arrival of COVID-19, our successful journey to the Sahara and back proved the strength and endurance of Bailey vehicles once again.

Choose your Bailey

You'll find a quick summary of each of the five ranges on the following pages, then you can explore the features of each in much more detail. Scan the relevant QR code to see the full range on our website.

Touring caravan or an 8ft wide touring caravan?

Space comes as standard across all our ranges, but you can choose to go 8ft wide with the Alicanto Grande Deluxe and Pegasus Black Edition ranges, for up to 25% more interior space.

A L I C A N T O

Where to buy your Bailey

The next step is to find out a little bit more. We have a network of approved Retailers across the country, who we choose to work with because of their expertise. And, like us, they love to get out there and Go Bailey! themselves.

Once you've found your Retailer, you can explore the ranges and models first-hand, along with pre-owned Bailey caravans,* and find out which one is 'the one'. The Retailer will be on-hand to guide you through your decision and will be happy to talk through finance options, if you need them. Scan the QR code below to find your nearest retailer.

The Bailey warranty
Your new Bailey comes with the peace of mind of our manufacturer's warranty. Your caravan's bodyshell is covered with a six-year integrity warranty, while other parts and components are covered for up to three years.**

*Subject to availability.
**Terms and conditions apply. Please refer to baileyofbristol.co.uk for more details.

Once you're out on the road with your Bailey, you're already part of an exclusive club. So why not go one step further and join the real thing?

The Bailey Owners Club is here to help you get the most from your Bailey caravan or motorhome. Completely independent from Bailey of Bristol, there are members all over the world – and there's even a 'Little Bees' club for younger caravanners.

Membership is full of benefits. You'll be invited to weekend events and rallies across the UK, often at exclusive venues, while enjoying discounts on longer holidays in the UK and abroad – as well as online discounts at PRIMA Leisure, of course. You'll even have the chance to come and tour the Bailey factory, and meet the people behind Bailey.

Scan the QR code below for more information regarding the Bailey Owners Club.

The home of Bailey Parts

Exceptional aftercare and accessories

Once you're the proud owner of a Bailey caravan, you want to get the best out of it. Whether you need a replacement part, a must-have luxury, or an upgrade to the latest tech, make PRIMA Leisure your first stop for all things Bailey.

As part of the Bailey family, the PRIMA team of experts is proud to offer first-class aftercare service and advice to Bailey owners across the UK.

With over 30,000 original parts and accessories available at the click of a button, PRIMA is here to help you 'Go Bailey'!
